

**Item No. E1020**  
**TSAIS Performance Rear Exhaust Pipe "Nitro Devil" for the HPI RS4 3 Series**

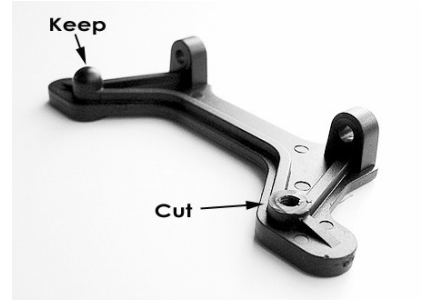

**How to install the Nitro Devil pipe onto your vehicle:**

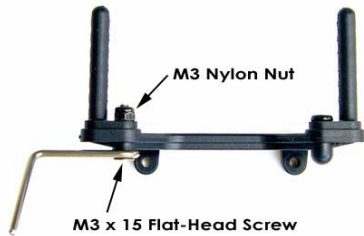

Kit includes pipe, manifold, mounting accessories and logo decal sheet.

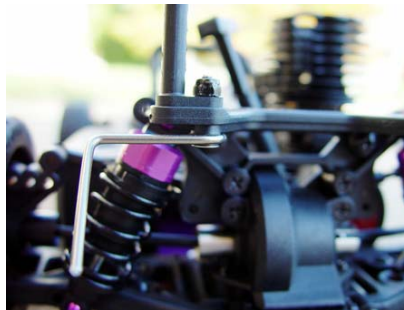

Bend the wire as shown.

Take the rear body post plate off and cut off one of the bumps as illustrated.

Install the wire with the M3 x 15mm flat-head screw and nylon nut.

Install the body post plate back onto the shock tower.

Install manifold.

Cut the silicone tube to approximately 32mm (1 1/4") long and then connect the manifold and pipe.

After securing the pipe with zip ties and M4 setscrew. Install the pressure fitting fuel line.

**Warranty:** TSAIS exhaust systems are covered against manufacturer's defects in materials, workmanship or assembly when are new (before been installed). All warranty claims are handled by TSAIS/RCHub in the US, or authorized importers/distributors in your country or region.

**Notes:** HPI RS4 is a trade mark of HPI.
